

GAF Talks Autumn 2011

Thursday September 29th 7pm

Problems facing our sites - Japanese knotweed *and other invasive species*

Presentations by Glasgow City Council Horticultural Adviser and SEPA (tbc)

- the Council policy
- legal requirements for disposal of Japanese knotweed

At least six sites in Glasgow have severe problems with knotweed, it is invading others – come and discover what can be done.

Thursday October 13th 7pm

Tips for committee members - the Administration and Management of Allotments

Facilitated discussions:

- Devolved management and private sites – how does it work?
- Constitutions and rules
- Vandalism – what can be done?

Thursday October 27th 7pm

Conflict Resolution - *Presentations from practitioners*

- Disputes arise at times on almost every site – how can plot-holders deal with them?
- Share information on strategies

Thursday November 17th 7pm

Allotments as sustainable communities Recognition and awards:

Workshop on what makes a sustainable allotment and how this can be assessed

Venue Pearce Institute Govan (*almost opposite the subway*)
